user's GUIDE

You now hold in your hands the latest issue of *PREVIEWS*, the monthly mag-alog dedicated to comics, graphic novels, toys and other pop-culture merchandise. If it's in your comic shop, it's in the page of *PREVIEWS*!

At first glance, *PREVIEWS* can be overwhelming because it's packed with tons of cool stuff. But there's a rhyme and reason to this mag-a-log and here's how to use it!

PREMIER COMICS BOOKS & MAGAZINES TRADING CARDS APPAREL MERCHANDISE GAMES VIDEOS

What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings by easy-to-understand sections: Comics & Graphic Novels; Books; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.

How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is is easy! There are **3** simple ways to order:

1 **Use the Short Order Form.**
Fill in with the items you'd like to order from this issue.

2 **Ask for the companion Customer Order Form.**
We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic ship by the due date on the cover!

3 **Ask your retailer about their "Pull & Hold" service.**
Many retailers offer a "pull & hold" or subscription service where you can order your monthly comics and merchandise easily. They'll hold your orders for you and you can pick up your items when it's convenient for you! Be sure to ask your retailer to give you a copy or ***PREVIEWS***, Marvel ***PREVIEWS***, and the ***PREVIEWS*** Customer Order Form each month so you can place your orders easily!

Not sure where to find a local comic shop?

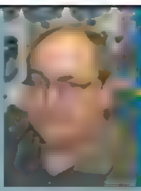
A “TOYFUL” NEW YEAR TO YOU!



EDITOR’S *note*

If it’s February, then we’re just a short time away from Toy Fair International in New York City. This annual trade show for the toy manufacturers of the world is the showcase for the latest and greatest in playthings for ages six to sixty — along with anyone and everyone who falls in before or after that age spread who loves toys and collectibles. Toy Fair is always a great way to see what’s coming up in the next year, and many of the major toy companies reveal their movie and TV-related products that the general public won’t see until the premieres of their motion picture counterparts.

Now, I don’t typically go to Toy Fair… just not in the cards. But I do get my secondhand information firsthand from the guys in our Toys & Collectibles department, who like this stuff as much as yours truly, and who go up to New York each year to meet with company reps and sales people in search of new products for ***PREVIEWS***… and your local comics shop. And with so many new genre and comic book-inspired movies on the horizon for 2013, it should be a banner year for toy collectors. I just heard today that NECA will be creating figures based on Guillermo Del Toro’s *Pacific Rim*. I for one can’t wait for that movie, or the figures based on the giant Robots and Kaiju in the film!

But we’re not just about toys and collectibles here. No, we also love comics, too. And this month we once again feature a special section profiling all of the brand new titles being offered for *Free Comic Book Day* 2013 (Saturday, May 14th). This is our biggest FCBD year yet, with more titles offered than ever before… but all FREE from participating retailers. So head on over to page 17 and start making your plans for May 4th now!

One final note… over on this issue’s **FlipSide**, we once again present the Top Products for the previous year, encapsulated in a special Year End Review charts section. What was the #1 comic of 2012? Flip this catalog over and find out!

That’s all for this month, see you in March!

Your Pal @ ***PREVIEWS***,

Marty

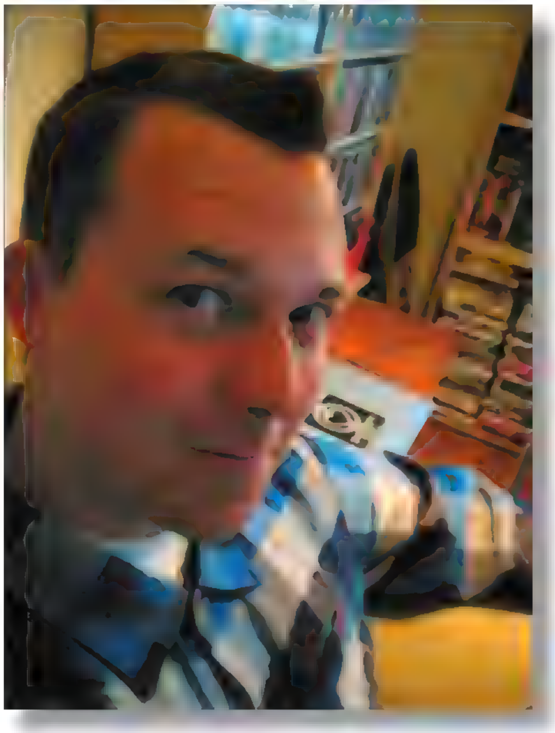
This month's featured creators is...

RICK REMENDER



Rick Remender is the writer/creator of such comics as *Fear Agent*, *Strange Girl*, *Night Mary*, *The End League*, *XXXombies*, *Gigantic* (APR090025), *Sorrow* and *The Last Days of American Crime*. For Marvel he's written such titles as *Uncanny Avengers*, *Captain America*, *Uncanny X-Force*, *Secret Avengers*, *The Punisher*, and *Venom*.

Outside of comics, he's served as lead writer on EA/EPIC/PCF's *Bulletstorm* video game and was a writer on the Electronic Arts hit game, *Dead Space*. Prior to this, he worked on films such as *The Iron Giant*, *Anastasia*, *Titan A.E.*, and *Rocky and Bullwinkle*; penciled books such as *The Last Christmas*, Bruce Campbell's *The Man with the Screaming Brain*, and numerous issues of the *Teenage Mutant Ninja Turtles* while also inking books such as *The Avengers* and *The Terminator*. He's also provided album covers and art for bands such as NOFX and 3 Inches of Blood.

For many years he taught storyboarding, animation and comic art at San Francisco's Academy of Art University.

Rick Remender, what are some of your favorite projects you've contributed to over the past decade?

Sticking to my indie work I'd say: *Fear Agent* (Volume 1 HC back in stock shortly!—JUN120037), *The Last Days of American Crime* (FEB118165), *XXXombies* (FEB082130), *The End League* (JUN080060), *Sorrow* (JAN082060), *Night Mary* (DEC053081), and *Strange Girl* (MAY110474).

What are you currently working on?

For Marvel I'm doing *Uncanny Avengers* and *Captain America*. In the world of creator-owned I'm doing *Devolution* and *Low*, both to begin publication in 2013. I have more creator-owned projects in the works for 2014 and plan on maintaining a balance between the Marvel work and the creator-owned. The last couple of years have been exclusively Marvel projects, which has been a great boon for my career, craft and visibility. But I've begun to really miss doing whatever I want in exactly my voice and style with my friends, so I'm going to strive to strike a better balance between the two moving forward.

Rick Remender, What are you reading?

Prison Pit (AUG090885) by Johnny Ryan. Stream-of-consciousness with no self-editing. Johnny just let's it happen. He's the best.

Black Beetle (NOV120030) by Francesco Francavilla. Pulp shenanigans from one of the best. Mood and fun somehow rolled up into one.

Infinite Horizon (FEB120448) by Gerry Duggan and Phil Noto. Touching and introspective, Gerry got an Eisner nod for this and deserved it. Phil's art is fast and free. A great read!

Polly and the Pirates (MAY063338) by Ted Naifeh and Robbi Rodriguez. Perfect craft and big high adventure. Two of the most underrated creators in comics!

Palestine (STAR14596) by Joe Sacco. Not really fun. Like a brilliant documentary drawn on paper. I bought the HC reissue and found it incredibly interesting.

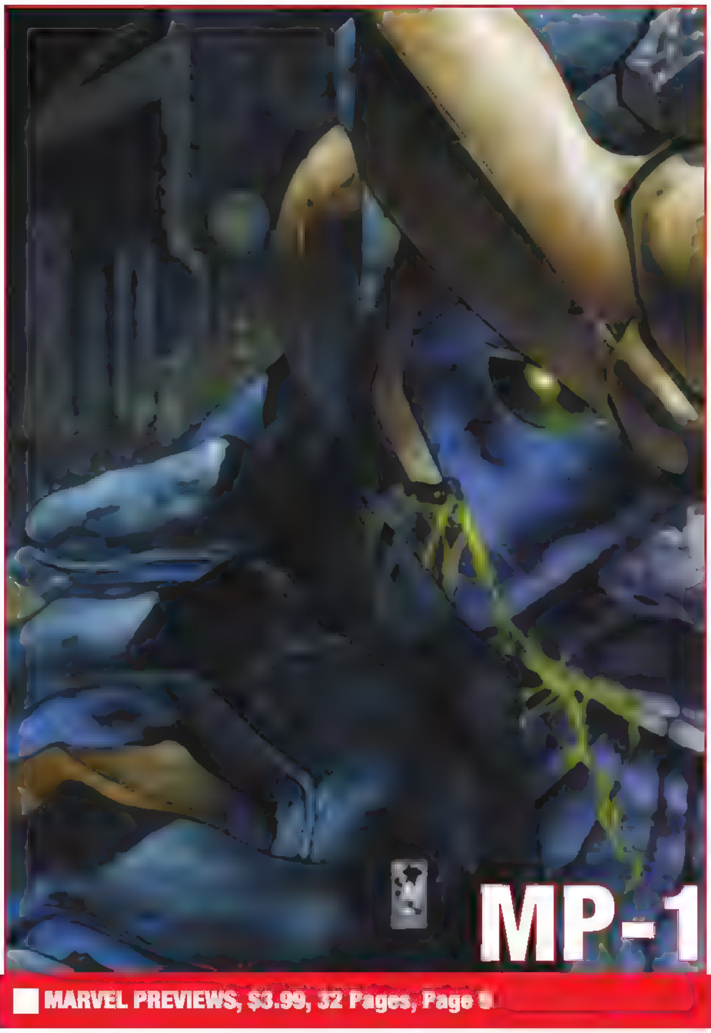
AN EVIL IS BORN ON TITAN IN MARVEL'S *THANOS RISING*



MARVEL PREVIEWS, $3.99, 32 Pages, Page 9

In his quest to claim the ultimate power and the love of Death herself, the mad Titan Thanos has long threatened not only his homeworld but the entirety of the Marvel Universe. He laid waste to Saturn's moon and left millions dead. Wielding the power of the Infinity Gauntlet erased half of the universe's population from existence. But how could a child of Titan, one of the universe's most peaceful and beautiful worlds, become an obsessed madman who will sacrifice the universe to win Death's love? This spring, Marvel Comics explores the origins of one of the Marvel Universe's greatest villains and reveals the answers to his mysteries in Jason Aaron and Simone Biachi's mini-series Thanos Rising!

Beneath the methane skies of Saturn's moon Titan a mighty civilization rose. Founded by the Eternals, Titan became a center of scholarship and learning, dedicated to peace and beauty. There a child was born, but unlike other Titans he was born with the Deviant gene, giving him a gray hide and a massive and powerful body that made him feel shunned and unloved as he grew older. Left to himself, he became devious like Richard III or Machiavelli, craving power as its own reward.

Would it have always been this way? Was he always fated to be the villain? Or could Thanos have been an asset to his own people, rather than their destroyer? Like a Shakespearean tragedy, Thanos' story — his childhood resentments, his thirst for power, and the woman who tempts him — unfolds in a tale of cosmic proportions. With fandom excited by Thanos' appearance in the Avengers film, the time is ripe for Aaron and Bianchi to explore the very human emotions at the heart of one of the Marvel Universe's greatest villains in Thanos Rising, coming this April!

JASON AARON AND SIMONE BIANCHI CHART THE TRAGIC HISTORY OF THE MAD TITAN THANOS IN THIS LONG-AWAITED EPIC!

THE THIRD DEGREE
MARK MILLAR

What are you working on right now?
I'm working on a bunch of things at the moment. I've got three Millarworld books on the go at once, KICK-ASS 3, JUPITER'S LEGACY, and MPH. The latter two are from Image. Outside of comics, we've just finished the *Kick-Ass* 2 movie and gearing up to start shooting the adaptation of THE SECRET SERVICE.

What's the best part of your job?
Working with Frank Quitely Pasquel Ferry, John Romita Jr, Dave Gibbons and Leinil Yu this year. No matter what I write they make it look good.

What's the worst part of your job?
Twitter. Seriously, I'm on it so much it's actually killing me. If I had a regular job my bosses would have fired me months ago. I think I'm tweeting after every liune of dialogue I'm writing. It's terrible. I've got opinions on everything too from Tarantino to Beiber. There's nothing @mrmarkmillar won't get into.

How did you first discover comics?
I've got four older brothers and they were all to some extent into comics. So they used to buy them and let me read them just to shut me up. The reprints here in Scotland were in black and white and I quite enjoyed ruining them by colouring them in. I couldn't find American comics so I'd colour up my own and PRETEND they were American comics. But really $#@ty American comics where the colourist somehow didn't manage to stay in the lines.

If you weren't working in comics, what would you be doing?
I wasn't allowed to do art at school because I was quite academic and so instead ended up doing chemistry, physics, advanced maths and all these things that seemed very important at the time. The comics seemed like the waste of time to people, but as an adult my knowledge of inert gases, for example, is the useless stuff. I planned to be a medic at one time and an economist once I left school. I'm still obsessed with economics and honestly read the Financial Times before I read even Comic Book Resources in the morning. Most people chill out to fiction but because I spend all day in fiction I like to chill out to fact.

What's the best thing a fan has ever said to you?
"Would you sign this book?" It's essentially a form of vandalism, I suppose, but the fact someone regards your work highly enough to let you deface something they like is a very nice compliment.

Who is the biggest influence on your work?
Alan Moore and Frank Miller. There have been lots of other brilliant writers who have blown me away over the years like Grant Morrison, Pete Milligan, Warren Ellis and Garth Ennis plus more recent guys like Jason Aaron and Scott Snyder. But Moore and Miller are my Mum and Dad.

What is the single work of which you're most proud?
KICK-ASS I think. WANTED changed my life in that it gave me the money to strike out and be my own boss, but KICK-ASS, I think, is the work I'm proud of.

Own up to one of your guilty pleasures.
I have no guilty pleasures. If something gives me pleasure I never feel guilty about it. As a kid I used to be embarrassed how much I loved Queen but now I revel in the fact other people are snooty about them. As nerds, it's our responsibility to stand up for the stuff we love whether it's in fashion oir not.

What was the last comic book you bought?
I read THE WALKING DEAD as collections, coming to the party unfashionably late. The last comic? SAGA #8 and THOR: GOD OF THUNDER #4. Both fantastic. Genuinely world-class.

If you could be someone else for a day, who would it be?
Artist Bryan Hitch. Then I'd strip off, set up a webcam and broadcast it all day. Just to #&%@ with him.

Pick three things you couldn't live without.
Friends, family and superheroes.

What's the strangest thing you have in your house?
Christopher Reeve's cape from the Superman movies. I bought it with a royalty cheque from Wanted, I think. I bought Frisky the cat at the same time. You remember Frisky? The cat Superman saved from the tree? Well, it's sitting in my dining room, stuffed and quite scary looking. Can you believe some bugger flogged him?

What makes you laugh?
In America, Larry David. In the UK, in the pub with my pals.

What is one of your favorite places?
Crail Harbour. Google it. It's in the north east of Scotland, a tiny little fishing village where I taught my oldest kid how to ride her bike a little while ago. It's genuinely the most beautiful place I've ever seen. Glencoe is very close too. You might have seen it in Skyfall, but you need to see it in person with the sun hitting the hills. Scotland is the most beautiful country on Earth.

What music are you listening to these days?
Queen. Always and unashamed.

What is your favorite film of all time?
It's a tie between *Superman*, *Jaws* and *Star Wars*. Again, I used to be embarrassed about my populist tastes, but it's also stood me in good stead.

Who is your best friend?
My partner, Lucy. I always hate it when people say this in interviews because it really does sound like such a cop out., But she's the greatest person, insanely beautiful and a brilliant partner and mother. We work together too at Millarworld where she produces the TV shows we do here in the UK., We're together all the time and just hate being apart.

What is the best advice you've ever received?
Definitely Grant Morrison when I interviewed him as an 18-year-old for a fanzine. I wanted to be a writer and an arttist and he suggested focusing on one as it was very hard to be really successful at both. Very simple advice, but very pertinent. As a comic fan you don't always appreciate that they're two entirely different jobs.

When was the last time you were truly frightened?
I'm not sure. I don't mean to sound like an arse, but I never really get nervous or worried. I'm quite a calm sort. I worry about other people, I guess, if they're having a bad time.

Who is someone you really admire?
Batman. He's out there every night stopping bad $#@t from happening. I'm either in the pub or in the house atching DVDs or something. He makes me feel ashamed.

What would you like to see happen in comics in the next 12 months?
The exponential growth of creator-owned, again, painfully obvious, but we can never take for granted what our generation of creators has been given since the Image guys rewrote the rules. Had I been born 30 years earlier, all my comics and movie franchises would have been owned by Marvel or DC and I'd have been lucky to get a ticket to the premiere. The Green Lantern movie really hammered this home to me. Gardner Fox, Martin Nodell, John Broome and Gil Kane created pretty much everything you saw in that movie, but didn't receive a single credit. Not even a daft wee thank you at the end. They spent 100 million marketing that thing and over 200 million making it, but the families of these men received nothing. In the same Summer, half my friends were getting movie deals and keeping the rights to their own creations. The fact that movie failed so badly was karma for DC. It really was. It was karma for a retrigressive step that was even worse than what happened to Superman's creators in 1978. So I love the world we're in right now and appreciate every second of it.

ARE YOU SURE MY CREW AND I ARE SUPPOSED TO BE HERE, MISTER SAMPSON?
THE ISLAND DOESN'T MAKE MISTAKES, CAPTAIN. YOU'RE HERE BECAUSE IT WANTS YOU TO BE HERE. WHO KNOWS? MAYBE IT SEES SOMETHING IN YOU THAT YOU CAN'T SEE FOR YOURSELF.
I'VE NO REAL MEMORY OF WHAT HAPPENED IN THOSE MOUNTAINS. ALL I KNOW IS THAT WE CAME BACK BETTER AND WRAPPED IN COSTUMES THAT RAISED THE SPIRITS OF ANYONE WHO SAW THEM.
THE PAPERS CALLED US SUPER-HEROES AND WE HELPED AMERICA THROUGH THE GREAT DEPRESSION, THE SECOND WORLD WAR, CONFLICTS, SCANDALS AND ANYTHING THAT WAS THROWN AT US.
WE DIDN'T CARE ABOUT MONEY OR POLITICS. OUR ONLY DESIRE WAS TO SERVE OUR COUNTRY AND OUR INFINITE IDEALISM INSPIRED THE BEST IN EVERYONE WHO CAME NEAR US.
THEY CALLED OUR YEARS THE AMERICAN CENTURY, BUT LIFE, LIBERTY AND THE PURSUIT OF HAPPINESS WERE MUCH TOO PRECIOUS TO END WITH OUR PASSING...
AND SO WE HAD CHILDREN TO CARRY ON OUR WORK AND INSPIRE OUR GREAT NATION TO EVEN MORE REMARKABLE HEIGHTS.
SUPERHEROES WERE THE SUMMIT OF AMERICAN ASPIRATION. THEIR JOB WAS REMINDING US OF EVERYTHING WE COULD BE.

GIL KANE'S AMAZING SPIDER-MAN: ARTIST'S EDITION HC

IDW Publishing

IDW's series of Artist Edition books have been lauded by individuals with far more industry cred than myself, but nevertheless here I sit, composing yet another praise laden passage in an attempt to entice anyone who hasn't gotten their mitts on one of these books to pick one up and take it for a spin. It's immediately evident that these books are in a league of their own . . . the Ferraris of collectible hardcovers. Indeed, once you go Artist Edition, it's hard to go back.

Fabulous formatting aside, this tome collects some of the greatest and most oft referenced Spider-Man material ever published. In particular, The Night Gwen Stacey Died alone would be worth the price of admission, but the book also collects the infamous "drug" issue that circumvented the Comic's Code Authority and is a landmark in its own right. Additionally, the six-arm Spider-Man transformation is one of the first tales of the web head that I remember reading and I haven't stopped since. To be able to revisit these seminal stories in their full 11" x 17" glory not only makes me drool with anticipation as a comics fan, but their sheer size is enough to make any grown adult feel like a kid again!

"It's action-packed, it's funny, and, most importantly, is BRILLIANT! The interactions between the characters are well-written and believable, as well as WONDERFULLY complex. Despite the obvious sci-fi/fantasy setting, you sometimes get the feeling you're reading a biography of someone's life, only explaining things a million times better. These aren't one or two-dimensional characters. They're very complex, and you can see them develop over the course of the series—especially the third sister, Brianna.
Despite the complexity of the story and characters, it doesn't take a brilliant mind to follow the series. It only takes a mind that wants an EXCEPTIONALLY GOOD story.
So what are you waiting for?! Go buy it!"

"If you haven't picked up an issue of this little gem of a series, Gold digger, give it a looksee at your local comic shop who happens to carry it (if they have an extensive indy section), and you'll scratch your head too at why this guy shouldn't be drafted into the annals of comic book history."

"Perry's Gold Digger has been running for nearly 200 issues, during which time the cartoonist has built up a considerable amount of mythology surrounding his characters, all of whom have grown along with their legends. Beyond the longevity of the series itself, Gold Digger is notable in that Perry writes, draws, inks, colors and letters everything himself, all while maintaining a monthly schedule."
-[illegible]

"Fred Perry effortlessly pulls off the most miraculous balancing act in comics; that is, his work combines the often mutually exclusive traits of both high quality AND high quantity."

:01 First Second

Lucy Knisely has invited us all into her kitchen. Her real kitchen to be sure, as this graphic novel does include recipes sure to be on any foodie's To-Do list, but also her memory-kitchen. Lucy's very personal collection of nostalgic stories all tie in with her family's tradition of cooking, dining, and sharing. Reading this book was like being invited in for a holiday dinner. Her work's message is a simple one of cherishing friends, family, and experiences which loses nothing for being so straightforward. On the contrary, it feels warm, friendly, familiar, and new. It wraps the reader in a homey comfort like warm bread and satisfies like brilliant dinner conversation.

In order to set himself up with a cushy job post graduation, Heller Wilson takes on a subject for his PhD thesis at the behest of his advisor. This leads him to meet with Dr. Spencer Brownfield, a disgraced Columbia professor who spent his career researching Complex Theory, the idea that one can use mathematics to predict the large-scale outcomes caused by minute changes in environment. At first, Dr. Brownfield seems crazy, but Heller soon discovers that the doctor's research might be the only thing keeping New York City from destroying itself from the inside out!

CHARLES SOULE

Writer, Strange Attractors

For the layman, what does the term "Strange Attractors" mean?

Charles Soule: It's a term from chaos and complexity theory, which, very roughly, deals with analyzing really complicated systems that have a ton going on. Sometimes they appear totally chaotic and random, like the weather, and other times there's an underlying order that's apparent, even if it's hard for our tiny brains to fully understand, like the stock market. This is also the branch of math that addresses things like the butterfly effect—a bug flapping its wings in Chicago that eventually causes a typhoon in the Philippines. "Strange attractor" is a term from that side of math. Basically, when you have a big chaotic system, sometimes little nodes appear within it that appear to have order in the midst of all the chaos. No real rhyme or reason to it, they just appear, and then they fall apart. I thought that was a really cool idea from both a literal and a figurative perspective—the idea that even in the midst of a situation that's totally nuts, things can pull themselves together—at least for a little while.

What inspired you to tell a story that combines complex mathematical theories with a love of New York City?

CS: Well, if there was ever a city to use as an example of a classic complex system, it's NYC. I've lived in the city for coming up on 17 years, and the sheer layers of this place—old and new, good and bad, ugly and beautiful, sophisticated and low brow—all piled on top of each other. It's amazing that it works at all, and it's certainly too much for one person to get his head around. So, I thought it would be interesting to tell a story about someone who could keep the whole city in his head at once, who has a mental map of every single system in the city, and can use it to make the city do what he wants.

What other works did you look to for inspiration for *Strange Attractors*?

CS: I think it's easy to see a lot of Warren Ellis and Garth Ennis influence here. Both of those guys write about NYC like the sort of weird wonderland I tried to present in ***Strange Attractors***. There's an early Darren Aronofsky film called *Pi* that was certainly an influence, and even things like *Good Will Hunting* played a part. Really, though, it was my nearly two decades here that were the primary source I drew on when putting it together. ■

The second in a three-part story inspired by Wagner's classic opera *The Ring of the Nibelung* following the critically acclaimed first volume! Siegfried, born of the love between a mortal man and a Valkyrie, is a young orphan being raised by Mimé, one of the last of the dwarf-goblin Nibelungs, in a dark forest with only wolves for friends and family. While his foster parent only wants to live in peace and solitude, Siegfried yearns to discover who his real parents were and live amongst his own kind, not knowing that Odin, father of the Norse gods, has a destiny planned for him: to fight the dragon Fafnir, guardian of the Rheingold. In this second volume, Siegfried sets off from his safe, forest home to find the world of men. With Mimé as his reluctant guide, Siegfried plunges headlong into the dangers of the swamp of the sorcerer Volsu, where he learns of his destiny to confront the dragon Fafnir.

(W/A/CA) Hope Larson

Camp promises to be a great time for 13 year-old Abby; she's planning to spend time with her friend Rose and she'll be bunking with Beth, a girl she met the summer before. But Rose is too busy to spend any time hanging out with Abby, and Beth has developed a persona that's almost too cool for Abby. Then Shasta — pretty and fun — arrives, but she also rubs Beth the wrong way. This is a classic summer camp story of the friendships and betrayals among girls that epitomizes what it's like to be female, nerdy, and adolescent in America. (STK366912)

THE NORTH END OF THE WORLD

THE NORTH END OF THE WORLD HC
(W) Dave Hunsaker
(A/CA) Christopher Shy
Photographer Edward Curtis and his feisty, adolescent daughter Beth go to the northern shores of Vancouver Island to immerse themselves in the culture of the Kwakiutl Indians, filming Curtis's seminal but little known film, *In the Land of the Headhunters*. Ignoring many warnings, Curtis recreates on film what have become forbidden, illegal masked ceremonies, including the darkest and most disturbing of all: the Hamatsa, or the ritual of the Cannibal at the North End of the World. He will create deadly strife within the Kwakiutl people, trigger a battle between the old and new ways, the shamans and the priests, and uncover a neo-coven of witches. He will also create a cinematic masterpiece that the world will never know. (STK526897)

HOLIDAY WARS GN

Th3rd World Studios

The Holidays have come and gone but if your holidays were anything like mine then they have certainly left their mark in the form of vicious scars on your tattered psyche. From Family strife, sinus colds, and never ending traffic jams I thought I had it bad until I read *Holiday Wars*.

Unbeknownst to us the Holidays have walked among us. Santa Claus, The Easter Bunny, and others, are real and have concealed from the general populace for fear of being erased from existence. These supernatural beings or "Holidays" hiding in their places of power have seen the consequences of what happens when gods step out of the shadows and into the public eye. They remember how the Greek gods revealed themselves to the world and meddled in the affairs of men. In the modern era those Greek deities have ceased to exist without anyone to worship them. The consensus amongst those supernatural beings that remained was that it was safer to remain hidden.

However, now there is dissention in the ranks of these old beings and Teenager Tegan Cassidy is thrown in the middle of a vicious conflict in Th3rd World Studios' book *Holiday Wars!* Protected by the Holidays still loyal to the defeated Santa Claus Tegan must find a way to find the Holiday Spirit and elude the vicious armies of the Easter Bunny.

Reeling from recent events, Vesper and Corrick manage to find safe haven in a nearby desert town, but that doesn't mean the locals are eager to help them track down those who want them dead. A saloon girl of "questionable" talents may be the only person with the guts to help them. (STK526889)

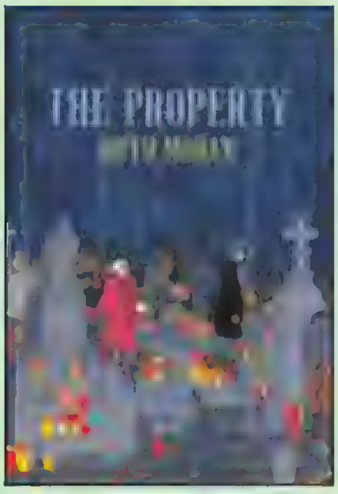
SPOTLIGHT ON



THE PROPERTY HC

(W/A/CA) Rutu Modan

After the death of her son, Regina Segal takes her granddaughter Mica to Warsaw, hoping to reclaim a family property lost during World War II. As they get to know modern Warsaw, Regina is forced to recall difficult things about her past, and Mica begins to wonder if maybe their reasons for coming aren't a little different than her grandmother led her to believe. Rutu Modan offers up a world populated by prickly seniors, smart-alecky public servants, and stubborn women — a world whose realism is expressed alternately in the absurdity of people's behavior, and in the complex consequences of their sacrifices. EXIT WOUNDS GN

(W/A/CA) Rutu Modan

Hailed as "Best Comic of the Year" by *Entertainment Weekly.* A young man, Koby Franco, receives an urgent phone call from a female soldier. Learning that his estranged father may have been a victim of a suicide bombing in Hadera, Koby reluctantly joins the soldier in searching for clues. With thin, precise lines and luscious watercolors, Rutu Modan creates a portrait of modern Israel, a place where sudden death mingles with the slow dissolution of family ties. (STK381712)

JAMILTI & OTHER STORIES HC

(W/A/CA) Rutu Modan

Jamilti and Other Stories collects Israeli cartoonist Rutu Modan's short works, written and drawn over the past 5 years, that lead the reader through unexpected turns of plot and unusual character portraits. Some are darkly fantastical and unsettling, others are attuned to the surprising discoveries that shape personal identity. (STK372882)

DANIEL CLOWES' THE DEATH-RAY HC

(W/A/CA) Daniel Clowes

Teen outcast Andy is an orphaned nobody with only one friend, invisible to everyone but bullies and tormentors, until the glorious day when Andy takes his first puff on a cigarette. That night he wakes, heart pounding, soaked in sweat, and finds himself suddenly overcome with the peculiar notion that he can do anything. *The Death-Ray* utilizes the classic staples of the superhero genre and reconfigures them in a story that is anything but morally simplistic. With subtle comedy, deft mastery, and an obvious affection for the bold pop-art exuberance of comic book design, Daniel Clowes delivers a contemporary meditation on the darkness of the human psyche. WILSON HC

(W/A/CA) Daniel Clowes

Daniel Clowes creates a thoroughly engaging, complex and fascinating character study of the modern egotist, outspoken and oblivious to the world around him. Wilson, an opinionated middle-aged loner, loves his dog and possibly no one else. After his father dies, Wilson sets out to find his ex-wife with the hope of rekindling their long-dead relationship, and discovers he has a teenage daughter, born after the marriage ended and given up for adoption. Wilson eventually forces all three to reconnect as a family — a doomed mission that will surely, inevitably backfire. (STK412314)

(W/A/CA) Chris Ware

Working directly in pen and ink, watercolor, and white-out whenever he makes a mistake, Ware has cannily edited out all legally sensitive and personally incriminating material from his private journals, carefully recomposing each page to simulate the appearance of an ordered mind and established aesthetic directive. Included are Ware's frustrated doodles for his book covers, angry personal assaults on friends, half-finished comic strips, and lengthy and tiresome fulminations of personal disappointments both social and sexual, as well as his now-beloved drawings of the generally miserable inhabitants of the city of Chicago. SAGA VOLUME 1 TP

Image Comics

There was a hole in my comic reading life when *Ex Machina* and *Y the Last Man* shipped their final issues. Both of writer Brian K Vaughan's original series read like a breath of fresh sequential air and I waited patiently for him to announce his next project. *Saga* has been yet another triumph for Vaughan, who, along with artist extraordinaire Fiona Staples, have begun what promises to be one of the most ambitious Sci-Fi epics in recent memory. Anyone who hasn't been reading this series monthly, besides being ashamed of themselves (seriously, you call yourself a comics fan?), should pick up the first trade paperback (AUG120491) and dive headlong into Vaughan and Staples' new universe. One of the hallmarks of both *Y* and *Machina* was the sheer scope of the world those series depicted while all the while delivering a remarkably strong core cast of characters. I could continue to gush about how much I love BKV's work but at this point I think it's clear that *Saga* was one of my favorite series of 2012 and I'm looking forward to its continuation as we move into 2013.

JERUSALEM: THE STORY OF A CITY GN

(W) Boaz Yakin
(A/CA) Nick Bertozzi

Jerusalem is a sweeping, epic work that follows a single family — three generations and fifteen very different people — as they are swept up in chaos, war, and nation-making from 1940-1948. Faith, family, and politics are the heady mix that fuel this ambitious, cinematic graphic novel. Author-filmmaker Boaz Yakin turns his finely-honed storytelling skills to a topic near to his heart: his family lived in Palestine during this period and were caught up in the turmoil of war just as his characters are. This is a personal work that tells the stories of a huge cast of memorable characters as they wrestle with a time when nothing was clear and no path was smooth. (STK526066) (C: 0-1-1)

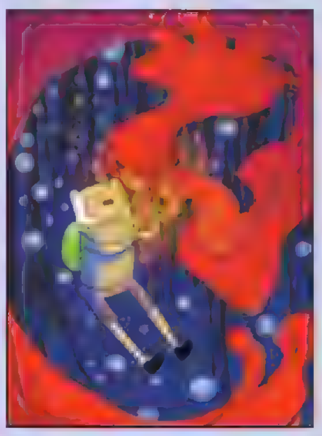
ADVENTURE TIME ORIGINAL GRAPHIC NOVEL

BOOM! Studios

Oh my glob! An original *Adventure Time* graphic novel from BOOM! 160 pages of black and white Finn and Jake adventures? Yes, please! In a style similar to Japanese manga and *Scott Pilgrim*, acclaimed cartoonist Danielle Corsetto will author, while Zack Sterling draws the newest addition to BOOM!'s KaBOOM! kid-friendly imprint.

The plot follows Flame Princess as she leaves the Flame Kingdom, alongside Finn the human and Jake the shape-shifting dog. I am curious to see how such a colorful show translates to a black and white medium, but the result will no doubt be as friendly and happy as the show. I am additionally curious to see if the plotline follows existing characters in the *Adventure Time* universe, or if new characters are created/introduced.



No matter the direction Corsetto and Sterling take *Adventure Time*, I am certain it will appeal to all-ages and fans of Adventure Time, and might draw in a few more fans.

NORTH END OF THE WORLD GN

Black Watch Comics

Fictional stories based on actual history tend to capture a reader's imagination like no other fiction can, simply because we have a fascination with the strangeness of our own reality. While this story is far from a "strictly true account" of history, it does borrow some rather interesting elements, for example, the character of (even then) former president Theodore Roosevelt.

Edward is a man obsessed with making a name for himself as a filmmaker when filmmaking was still a very primitive art. Far before TV and the internet, Edward wanted to introduce the lives of the North American Indians to the rest of world. With his young daughter by his side, Edward and the rest of his crew immerse themselves in the Indian's lives, documenting the people and their "strange" practices of magic and superstition. However, the ways of spirits and evil Edward doesn't fully understand, will follow him back to "civilization" and may end up ultimately destroying his life and the lives of those around him.

Like so many scary stories, the fear of what we don't understand and the danger of ignorance can be a powerful thing but, mood is everything, and Christopher Shy's hauntingly real, but eerily skewed, illustrations provide impact to Hunsaker's ambitious story. Every page looks painstakingly created like painted stills of a surreal film which makes *North End of the World* a very immersive, read for readers who want something more then blood and gore in their horror and supernatural comics.

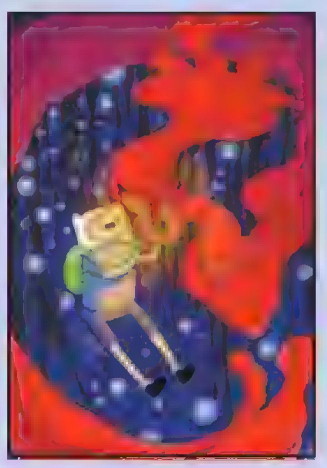
ADVENTURE TIME ORIGINAL GRAPHIC NOVEL

BOOM! Studios

Oh my glob! An original *Adventure Time* graphic novel from BOOM! 160 pages of black and white Finn and Jake adventures? Yes, please! In a style similar to Japanese manga and *Scott Pilgrim*, acclaimed cartoonist Danielle Corsetto will author, while Zack Sterling draws the newest addition to BOOM!'s KaBOOM! kid-friendly imprint.

The plot follows Flame Princess as she leaves the Flame Kingdom, alongside Finn the human and Jake the shape-shifting dog. I am curious to see how such a colorful show translates to a black and white medium, but the result will no doubt be as friendly and happy as the show. I am additionally curious to see if the plotline follows existing characters in the *Adventure Time* universe, or if new characters are created/introduced.



No matter the direction Corsetto and Sterling take *Adventure Time*, I am certain it will appeal to all-ages and fans of Adventure Time, and might draw in a few more fans.

STAR TREK: THE NEXT GENERATION – COMMUNICATOR BADGE REPLICA

QMX's *Star Trek: The Next Generation* communicator badge was crafted using one of the only remaining sets of original molds, which was painstakingly restored in their artisan model shop. To get the colors and paint details, they studied an actual screen-used badge. And once the design of the original matched, QMX took the whole thing a step further, rendering the replica in gold and silver-finished metal. What sets this wearable badge apart from the original is the clasp, which uses strong, short-field magnets that are embedded in the badge itself and in a glossy backplate. THE WAR OF HORUS AND SET

Long ago the brother gods Osiris and Set ruled peacefully over the lands of Upper and Lower Egypt, each in his own kingdom. But over time Set came to covet his brother's lands and crown, and eventually the temptation overwhelmed him. Usurping Osiris' throne, Set began a blood feud that spread war, death and mutilation through both the heavens and the earth. Gods and men chose sides and took up arms on behalf of both Set and Horus, the heir of Osiris. This book retells the mythic struggle between Horus and Set, exploring the variations and background to the feud, and examining the earthly realities that inspired, or reflected, the actions and allegiances of the Gods. DOCTOR WHO

DOCTOR WHO: THE ARK IN SPACE (SPECIAL EDITION)

From BBC Video! The fourth Doctor's first trip in the TARDIS brings him, Sarah Jane, and Harry Sullivan many thousand years into the future to Nerva, a space station in Earth's orbit. Having evacuated Earth when solar activity threatened all life on the planet, a few hundred survivors have been drifting in suspended animation for thousands of years. Even more perplexing is the discovery that someone has sabotaged Nerva's vital systems. The Doctor reactivates the systems, and one by one, the human race begins to awake from its enforced deep sleep. The future of humankind appears secure until the Doctor learns that the larvae of the Wirrn, a hostile insect race, are also aboard. (STK526349) (C: 0-1-1)

DOCTOR WHO: THE AZTECS (SPECIAL EDITION)

From BBC Video! The TARDIS arrives in 15th-century Mexico inside the tomb of one-time Aztec High Priest Yetaxa. The travellers become cut off from the ship when they explore the temple outside and the tomb door closes behind them. Barbara is proclaimed by the High Priest of Knowledge, Autloc, as Yetaxa's divine reincarnation. However, she incurs the enmity of the High Priest of Sacrifice, Tlotoxl, when — against the Doctor's advice — she attempts to use her new-found authority to put an end to the Aztec practice of human sacrifice. 2012'S BEST-SELLING TITLE: THE WALKING DEAD #100

The phenomenon that is Robert Kirkman's **The Walking Dead** has worked its way into the fabric of popular culture, taking big bites out of Books, Television, Video Games, and especially Comics. The landmark 100th issue premiered during Comic Con 2012 in San Diego with multiple variant covers, a major presence at the event, and even a zombie obstacle course held at a local sports arena complex. Apparently 2012 was truly a **DEAD** year!

THE NORTH END OF THE WORLD

NORTH END OF THE WORLD GN

Black Watch Comics

Fictional stories based on actual history tend to capture a reader's imagination like no other fiction can, simply because we have a fascination with the strangeness of our own reality. While this story is far from a "strictly true account" of history, it does borrow some rather interesting elements, for example, the character of (even then) former president Theodore Roosevelt.

Edward is a man obsessed with making a name for himself as a filmmaker when filmmaking was still a very primitive art. Far before TV and the internet, Edward wanted to introduce the lives of the North American Indians to the rest of world. With his young daughter by his side, Edward and the rest of his crew immerse themselves in the Indian's lives, documenting the people and their "strange" practices of magic and superstition. However, the ways of spirits and evil Edward doesn't fully understand, will follow him back to "civilization" and may end up ultimately destroying his life and the lives of those around him.

Like so many scary stories, the fear of what we don't understand and the danger of ignorance can be a powerful thing but, mood is everything, and Christopher Shy's hauntingly real, but eerily skewed, illustrations provide impact to Hunsaker's ambitious story. Every page looks painstakingly created like painted stills of a surreal film which makes *North End of the World* a very immersive, read for readers who want something more then blood and gore in their horror and supernatural comics.

ADVENTURE TIME ORIGINAL GRAPHIC NOVEL

BOOM! Studios

Oh my glob! An original *Adventure Time* graphic novel from BOOM! 160 pages of black and white Finn and Jake adventures? Yes, please! In a style similar to Japanese manga and *Scott Pilgrim*, acclaimed cartoonist Danielle Corsetto will author, while Zack Sterling draws the newest addition to BOOM!'s KabOOM! kid-friendly imprint.

The plot follows Flame Princess as she leaves the Flame Kingdom, alongside Finn the human and Jake the shape-shifting dog. I am curious to see how such a colorful show translates to a black and white medium, but the result will no doubt be as friendly and happy as the show. I am additionally curious to see if the plotline follows existing characters in the *Adventure Time* universe, or if new characters are created/introduced.

No matter the direction Corsetto and Sterling take *Adventure Time*, I am certain it will appeal to all-ages and fans of Adventure Time, and might draw in a few more fans.

:01 First Second

Lucy Knisely has invited us all into her kitchen. Her real kitchen to be sure, as this graphic novel does include recipes sure to be on any foodie's To-Do list, but also her memory-kitchen. Lucy's very personal collection of nostalgic stories all tie in with her family's tradition of cooking, dining, and sharing. Reading this book was like being invited in for a holiday dinner. Her work's message is a simple one of cherishing friends, family, and experiences which loses nothing for being so straightforward. On the contrary, it feels warm, friendly, familiar, and new. It wraps the reader in a homey comfort like warm bread and satisfies like brilliant dinner conversation.

GIL KANE'S AMAZING SPIDER-MAN: ARTIST'S EDITION HC

IDW Publishing

IDW's series of Artist Edition books have been lauded by individuals with far more industry cred than myself, but nevertheless here I sit, composing yet another praise laden passage in an attempt to entice anyone who hasn't gotten their mitts on one of these books to pick one up and take it for a spin. It's immediately evident that these books are in a league of their own . . . the Ferraris of collectible hardcovers. Indeed, once you go Artist Edition, it's hard to go back.

Fabulous formatting aside, this tome collects some of the greatest and most oft referenced Spider-Man material ever published. In particular, The Night Gwen Stacey Died alone would be worth the price of admission, but the book also collects the infamous "drug" issue that circumvented the Comic's Code Authority and is a landmark in its own right. Additionally, the six-arm Spider-Man transformation is one of the first tales of the web head that I remember reading and I haven't stopped since. To be able to revisit these seminal stories in their full 11" x 17" glory not only makes me drool with anticipation as a comics fan, but their sheer size is enough to make any grown adult feel like a kid again!

DECEMBER'S BEST-SELLING TITLE: AMAZING SPIDER-MAN #700

An era seemingly ends with one of the most controversial and game-changing finales in Marvel Comics history! The landmark 700th issue of Marvel's flagship title goes down with multiple variant covers, a lot of enraged (and amazed) readers, and a new "Superior" Spider-Man.
